

MESON 2018

15th International Workshop on Meson Physics Kraków, Poland, 7th-12th June 2018

Dear Colleague,

as a member of the worldwide Nuclear and Particle Physics community you are cordially invited to register and submit abstract to the MESON2018 Conference, which will be held in Kraków, Poland, in the period 7th – 12th June 2018.

The event will take place in the Auditorium Maximum of the Jagiellonian University – a conference site located in the very center of Kraków, just a-few-minute from the Market Square and only slightly farther from the Wawel Castle.

The forthcoming workshop, **the 15th of the series** since 1991, is organized to provide an overview of the present status over a broad range of topics connected to meson physics. Traditionally, the sessions will be devoted to plenary general talks, while the more specific topics will be covered during parallel sessions. With the invaluable help of the MESON2018 International Advisory Committee (for the list of its renowned members we refer you to the conference web page), we have constructed an exciting invited program, containing highlights from all the main players in the field of meson physics as well as foretastes of future projects. The list of confirmed invited speakers is already available on-line. Several slots in the plenary sessions have been reserved to promote most interesting contributed talks. We will organize also a poster session as an opportunity for students and young scientists to present the results of their work.

We encourage you also to enjoy Kraków and its surroundings in your free time. Beside the scheduled social events (reception, conference dinner and Kraków sightseeing in a city game mode or in a classic way, with a buffet at the river bank), there are many other possibilities which are worth exploring.

Please find further, constantly updated details about the program, registration procedure, possibilities of obtaining financial support, accommodation, submission of abstracts, social events, proceedings, previous meetings etc. on the MESON2018 web page (meson.if.uj.edu.pl).

Organizing Committee

KEY DATES

- 25th March, Deadline for abstract submission and application for financial support
22nd April, Notification of acceptance
7th May, Deadline for registration and reduced fee payment
21st May, Deadline for conference fee payment
7th June, Conference start

ORGANIZED BY

- Institute of Physics, Jagiellonian University, Kraków, Poland
- Institut für Kernphysik, Forschungszentrum Jülich, Germany
- Istituto Nazionale di Fisica Nucleare - Laboratori Nazionali di Frascati, Italy
- Institute of Nuclear Physics, Polish Academy of Sciences, Kraków, Poland

ORGANIZING COMMITTEE

Chairmen:	Carlo Guaraldo	INFN-LNF Frascati
	Andrzej Magiera	Jagiellonian University
	Hans Ströher	FZ Jülich
Members:	Catalina Curceanu	INFN-LNF Frascati
	James Ritman	FZ Jülich
	Antoni Szczurek	INP PAS Kraków
Scientific Secretary:	Aleksandra Wrońska	Jagiellonian University
	Witold Przygoda	Jagiellonian University

MESON2018 Workshop

Instytut Fizyki
Uniwersytet Jagielloński
ul. Łojasiewicza 11
30-348 Kraków, Poland
